

Company Profile Expert Advisorz

Your Technology Partner 2019

Who We Are?

Expert Advisorz is a team of young and dynamic professionals who joined their hands to revolutionize the business automation with their skills. The team comprises Chartered Accountants as domain experts and IT professionals as technological Experts.

The idea of going into software domain was to provide solution to businesses not just for their technological issues but to identify their problems as a business consultant and provide them solution that is best suited for their business in a technological manner.

Today, businesses are being run in a very complex environment, specially with the introduction of GST, accounting and finance function of the business has become very complex. We are committed to provide businesses a solution keeping in mind technological, legal and accounting aspect.

Our main focus is to research and try to automate the business process as much as possible.

Vision

To develop a State of Art Technology for businesses which can automate their entire business process in an integrated manner.

Mission

To provide Clients with Solution to their technological issues by identifying their need, finding out solution best suited to them and implementing those solution in cost effective manner.
